Herausgegeben von

Prof. Dr. Shigeyasu Akai

Universität zu Kyoto

Heft VII

Kyoto, Japan

1960—1970

## Inhaltsuebersicht

Aoki, Yoshio, Shigeyasu Akai and Takeo Kimura :

Resistance of conidia of some plant pathogenic fungi to low temperature ..... 1

Yamamoto, Masaki and Junichi Tanino :

Physiological studies on the formation and germination of sporangia of

*Phytophthora infestans* (Mont.) DeBary ..... 7

Akai, Shigeyasu, and Akinori Ueyama :

Studies on some isolates of *Cochliobolus miyabeanus*, II ..... 23

Akai, Shigeyasu and Hajime Kato :

Internal application of pentachlorophenol to rice plants and  
the outbreak of *Helminthosporium* leaf spot ..... 35

Akai, Shigeyasu, Jiko Shishiyama, Hiroshi Egawa and Eiichi Yoshinaga :

On the antifungal antibiotics discovered in Japan, II ..... 45

Akai, Shigeyasu, Hiroyasu Tanaka and Yoshihiro Higuchi :

On the activity of carbohydrase in the anthracnose-affected leaves of  
tobacco and cucumber plants and in their pathogenic fungi ..... 61

Akai, Shigeyasu, Norio Ishida and Masao Fukutomi :

The germination of conidia and the appressorium formation of  
*Alternaria porri* on the surface of onion leaves ..... 67

Akai, Shigeyasu and Norio Ishida :

Electron microscopic observations of conidia germination and appressorium  
formation in *Colletotrichum lagenarium* ..... 71

Ishida, Norio and Shigeyasu Akai :

- Membranous structure around a lipid body appeared in conidia treated  
with temperature ..... 73

Ishida, Norio, Hitoshi Kunoh, Shigeyasu Akai, Moriya Tsuda, Hiroshi Egawa  
and Akinori Ueyama :

- Fine structure of chlamydospore-like cell of *Helminthosporium oryzae*  
Breda de Haan produced on a modified Czapek-D-valine medium ..... 75

Kunoh, Hitoshi, Norio Ishida, Shigeyasu Akai, Moriya Tsuda, Hiroshi Egawa  
and Akinori Ueyama :

- Fine structure of yeast-like cell of *Fusarium roseum* Link obtained from  
a modified Czapek-D-arginine medium ..... 77

Fukutomi, Masao, Shigeyasu Akai and Masaya Shiraishi :

- Ultrastructure of antheridium and oogonium of the downy mildew fungus  
of rice plants ..... 79

Kobayashi, Norihiko and Shigeyasu Akai :

- Fine structure of germinating conidia of *Fusarium oxysporum* f. *cucumerinum* ... 81

Pappelis, A. J. :

- Double inoculation for corn stalk rot studies ..... 85
